STUDENTS

OPEN HOUSE – If you have not received your letter, you may pick one up in the administrative offices. Please encourage your parents to attend. (Administration)

MINIMUM DAYS – Today Thursday and Friday, 3/11-3/12, are Minimum Days. Please make sure you arrange for early pick up on these days. (Administration)

HOMEWORK AND COMPUTER LAB are cancelled today because of Open House. (Mrs. Chavez)

TIME CHANGE – Be sure to change your clocks on Sunday, 3/14. We "**SPRING**" up one hour for Daylight Savings Time. (Administration)

FINE ARTS MONTH: Works of art that do not represent anything in the real world is called "Abstract Art". Colors and shapes are arranged on a canvas or paper in certain ways. This movement began around 1910 and many artists explored the possibilities of Abstract Art. This art movement is still popular. (Mrs. Stuphin)

MATH FIELD DAY – The following students scored high and will be representing Wilson at the Math Field Day competition next month: **Ji Myung Lee, Hayk Mirzoyan, Jason Fan, Arthur Khachikyan, Riel Simpao** (alternate). These five students must come to the training in room 3105 tomorrow. (Mrs. Bitow)

TODAY IS THE LAST DAY TO PURCHASE PI DAY TATTOOS, during snack.

●Grade 6 – Rm. 3105

●Grade 7 – Rm. 1234

●Grade 8 – Rm. 1215

(Mrs. Cann)

BAKE SALE – On Thursday night for Open House be sure to include a trip to the Advanced Foods Bake Sale. We will be selling 12 different types of cookies; 2 types of brownies and a few other confections. Also available will be coffee, tea, hot chocolate and cold water. Please come, support the Wilson Foods program and have a delicious dessert. We will be located at the back of room 1119. See you there. (Mrs. DeRosa)

MORE PI INTRIGUE: In addition to the celebration on March 14, some people celebrate Pi Approximation Day on July 22 (7/22). The fraction 22/7 is the closest approximation to pi that can be expressed as a ratio (fraction). Some people can celebrate 2 Pi Day – June 28 (6/28) – 2 times Pi. **Now, the answer to yesterday's question:** The Greeks loved the orderliness of numbers. When they first discovered the existence of irrational numbers like pi, the numbers were so offensive, that (according to some accounts) some people were murdered for telling others about the existence of these unorderly numbers. And I bet you thought math was boring! Don't forget to buy your tattoo today and WEAR it tomorrow! Which class will have the spirit award for tattoos? 6th, 7th, or 8th????? (Mrs. Cann)
