STUDENTS

STUDENTS: Don't forget that when we have minimum days, you are not allowed to go onto other campuses to visit. Many of you want to go back to your elementary schools and visit friends or teachers, but this is NOT allowed. They cannot accommodate having other students on their campus, so please do not go there. Thanks very much for your cooperation. (Administration)

TIME CHANGE – Be sure to change your clocks on Sunday, 3/14. We "**SPRING**" up one hour for Daylight Savings Time. (Administration)

FINE ARTS MONTH: World War I had a deep impact on Europe and after the war one group of artists decided the best response was to stop taking everything too seriously and to poke fun at art. The movement was called Dada, which is a child's word for a hobbyhorse in Switzerland. One piece of art was a fur-lined teacup, plate and spoon, which would be impractical and impossible to use. (Mrs. Stuphin)

BE THERE... at snack... who will recite Pi to the longest and win a giant pizza? (Mrs. Cann)

HEY KIDS!!! Do you know what next week is? The 4th annual **AVID COLLEGE WEEK!** Activities will be planned each day so listen to the bulletin and get your college on! Win prizes for participating in the TRIVIA SCAVENGER HUNT and COLLEGE SPIRIT DAY. (Mrs. Augustine)

PI-KU – Remember that haiku is a short poem composed of 5 syllables, then 7 syllables and then another 5 syllables. Pi-Ku is about the number pi and mnemonics where the number of characters in each word gives you a digit of pi. The first word has 3 characters, the second word has 1 character, and the third has four characters and so on. Here is an example of each. Maybe you can try this in English class.

Haiku: A circumference
divide by diameter
irrational pi.

Pi-Ku/mnemonic: Can I know a cycle,
according to nature round,
and never complete.

Don't forget to take a count in homeroom today – how many students have their Pi tattoo????
(Mrs. Cann)
